# 35 Years of Service and Excellence

It has been 35 years, started from a single medical center to becoming one of the largest and fastest-growing conglomerates in the MENA region. With a spread across 7 countries and a thrill to keep growing, we have transitioned into the leading healthcare authority across the Middle East, Far East, and India.

Our comprehensive portfolio covers a full spectrum of advanced healthcare services that include state of the art hospitals, clinics, pharmacies, diagnostic centres, educational institutions, healthcare management and support systems.

Headquartered in Dubai, we have 632 operating facilities across 7 countries, with 29 hospitals, 120 clinics, 371 retail pharmacies and 114 labs and patient experience centres. With over 25,000 employees, including 3000+ highly specialized doctors, we are never content to rest on our laurels and constantly seek opportunities to set new benchmarks on global standards in medical care.

## Dubai

### A Health Hub for Medical Tourism

Dubai is considered a high-in-demand medical value travel destination in the Middle East, with enhanced access to high-quality medical care, world-class treatment facilities and high-tech services for healthy well-being.

One of the most crucial factors for making this region an ideal medical tourism hub is its strategic location and well-connected flights. Dubai is only around eight hours away from two-thirds of the world's population.

The government has also put tremendous efforts into building excellent medical infrastructure and healthcare in the UAE that has opened a valuable opportunity for global service providers to exchange expertise and capabilities.

## “A Caring Mission With A Global Vision

### INTEGRITY

Doing the right thing without any compromises and embracing a higher standard of conduct.

### PASSION

Going the extra mile willingly, with a complete sense of belongingness and purpose while adding value to all our stakeholders.

### RESPECT

Treating people with utmost dignity, valuing their contributions, and fostering a culture that allows everyone to rise to their fullest potential.

### UNITY

Harnessing the power of synergy and engaging people for exponential performance and results.

### EXCELLENCE

Surpassing our current benchmarks constantly by continually challenging our ability and skills to take the organization to greater heights.

### COMPASSION

Going beyond boundaries with empathy & care.
